

# TAZUL ISLAM

## Backend / Full Stack Developer (Django & React)

+880 1842609770 | tazulislam42609770@gmail.com | Mymensingh, Bangladesh

[Portfolio](#) | [GitHub](#) | [LinkedIn](#) | [Codeforces](#) | [LeetCode](#)

### PROFESSIONAL SUMMARY

Full Stack Developer with hands-on, self-taught expertise in **Django** and **React**, focused on building scalable **REST APIs** and production-ready web applications. Comfortable across the stack — from designing efficient **PostgreSQL** schemas to shipping responsive, user-friendly interfaces — with working knowledge of **Docker** and **CI/CD** for reliable deployment. Currently completing a B.A. (Honours) in Economics, which sharpens analytical and problem-solving thinking applied to technical work.

### TECHNICAL SKILLS

**Languages:** Python, Java, JavaScript, C, C++

**Backend:** Django, Django REST Framework, RESTful API Design, JWT Authentication

**Frontend:** React.js, Tailwind CSS, Bootstrap, HTML5, CSS3

**Database:** PostgreSQL, SQL, Query Optimization, Indexing

**DevOps & Tools:** Docker, CI/CD Pipelines (basics), Git, GitHub, Vercel, Render

**AI-Assisted Development:** Claude, ChatGPT, GitHub Copilot (for accelerated prototyping, debugging, and code review)

### PROJECTS

**Phul Bazar** — Full Stack E-Commerce Platform

[Live Site](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

React.js · Django · Django REST Framework · Tailwind CSS · PostgreSQL

- Built a full-featured e-commerce platform with category-based product filtering, cart management, and order tracking.
- Optimized PostgreSQL queries and added database indexing, cutting average page load time by 35%.
- Integrated a secure payment gateway with server-side validation through Django REST Framework.
- Built a fully responsive UI with React.js and Tailwind CSS for a consistent experience across devices.

**Smart Village** — Community Management System

[Live Site](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

React.js · Django · JWT Authentication · PostgreSQL

- Designed a full-stack platform giving village residents digital access to administrative and community services.
- Secured API endpoints with JWT-based authentication and role-based access control.
- Built a modular Django REST Framework backend with dedicated endpoints for residents and services.
- Deployed to Render with environment-based configuration for a production-ready setup.

**Event Management System** — Multi-Role Event Platform

[Live Site](#) | [GitHub](#)

Django MVT · PostgreSQL · Bootstrap

- Developed a multi-role event platform with separate, tailored dashboards for Admin, Organizer, and Participant.
- Enforced CSRF protection, input validation, and permission-based views using Django's built-in auth system.
- Designed a relational database schema and optimized ORM queries to eliminate N+1 query issues.

### EDUCATION

**B.A. (Honours) in Economics** — Expected 2026

Sherpur Government College · Sherpur, Bangladesh

### CERTIFICATIONS

- Django & Django REST Framework — Phitron
- React.js – Frontend Development — Phitron
- Python for Everybody — Phitron

### LANGUAGES

Bengali (Native) • English (Mid Level)

### ADDITIONAL INTERESTS

Competitive Programming · System Design · Open Source Contribution · Docker & Containerization · CI/CD Pipelines
